Lovely Professional University

INSECT PHOTO CONTEST-cum-EXHIBITION
(Series I)

Theme: "INSECTS AND THEIR HABITATS"

May 6.2023

Organized By

Department of Entomology School of Agriculture, LPU

In Collaboration with
Entomological Society of India (ESI) New Delhi, India

LPU

LPU is ranked 36th amongst Indian Universities and listed among the 1001-1200 universities in the world by the Times World Univ. Rankings 2022. LPU is ranked 47th amongst all Government & Private Indian Universities as per NIRF Ranking 2022. The Univ. is acclaimed for academic excellence and multidisciplinary program offerings. Every year, thousands of students are mentored to emerge as global citizens and professionals, as a result of the curriculum, pedagogy, evaluation schemes and holistic development initiatives adopted.

School of Agriculture

It is one of India's foremost agriculture schools known for innovative pedagogy and deep academic-industry interface. It is India's first Private Agriculture School to be accredited by the Indian Council of Agricultural Research (ICAR), GoI. The school has 400 acres of land and harbours state of the art high tech poly-house facilities, a vast horticultural land for growing and experimentation on organic fruits, vegetables and flower. The school also has fully functional food analysis and processing laboratories.

Dept. of Entomology

The Dept. is one of the disciplines offered under the school which has an objective of achieving excellence in teaching entomology to undergrads and to train PG students with research experiences.

The department has fully equipped Laboratory and a state of the art facility for bee-keeping, lac culture and bio-control unit. It is also involved in organizing various trainings and workshops. Recently, workshops on SPSS, apiculture, Article Publication in High Impact Journals (in collaboration with Clarivate), etc. have been successfully organized.
